Summary

Dedicated and skilled Web Developer with a strong foundation in Computer Science, holding both a B.Sc. in Computer Science and an MCA. Proficient in front-end technologies including HTML, CSS, and JavaScript, with a focus on creating responsive, user-friendly web applications. Currently advancing skills as a frontend developer intern at CodeAlpha, and previous Python Developer intern at CipherByte Technologies. Aspiring Web Developer with a solid foundation in frontend development and basic knowledge of DSA. Proficient in programming languages including C, C++, Core Java, and Python, with a focus on creating efficient, user-friendly web applications. Actively seeking opportunities to apply and expand my skills in a dynamic development environment.

Skills

Programming Languages: C • C++ • Core JAVA (OOPS) • Python (OOPS)

Web Development: HTML • CSS • JavaScript

Data Structures and Algorithms: I have a basic knowledge of DSA

Experience

CipherByte Technologies

Kolkata, West Bengal

Python Developer

06/2024 - 07/2024

I have completed two projects of Python programming as a intern at CipherByte Technologies.

1. Project: Rock-Paper-Scissors Game

A simple Python game where the user competes against the computer by selecting Rock, Paper, or Scissors. The computer's move is randomly generated, and the game determines the winner based on standard rules. The outcome is displayed to the user, with an option to play again.

2. Project: Mastermind Game

A Python-based code-breaking puzzle where the player guesses a secret code generated by the computer. After each guess, the player receives feedback on how many elements are correct and in the correct position. The game continues until the code is guessed or attempts run out.

CodeAlpha

Lucknow, Uttar Pradesh

Front End Developer

07/2024 - 08/2024

I have developed three projects as a Frontend Developer intern at CodeAlpha using front-end technologies including HTML, CSS and JavaScript.

1. Project: Image Gallery

- Developed a dynamic image gallery allowing users to navigate through images using next and previous controls.
- Implemented features to highlight and focus on selected images, enhancing user experience.

2. Project: Simple Arithmetic Calculator

- Created a web-based calculator for basic arithmetic operations (addition, subtraction, multiplication, division) using HTML, CSS, and JavaScript.
- Focused on user-friendly design and responsive functionality.

3. Project: My Portfolio

Designed and developed a personal portfolio website to showcase skills, projects, and achievements. Included sections for project descriptions, technical skills, and contact information. Emphasized a professional layout with responsive design to ensure accessibility across different devices.

Education

Rajiv Gandhi Proudyogiki Vishwavidyalaya

Bhopal, (M.P.)

Master's Degree in Computer Application (MCA) | CGPA: 8.28 / 10

07/2022 - 06/2024

Devi Ahilya Vishwavidyalaya

Indore, (M.P.)

Bachelor's Degree in Computer Science, B.Sc (C.S.) | Percentage: 79%

07/2019 - 04/2022
